

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

CONSTITUTION.

PREAMBLE.

It is universally admitted that the combined operations of the mechanic powers have been the source of those useful inventions and scientific arts, which have given to polished society its wealth and conveniences, respectability and defence, and which have meliorated the condition of its citizens. Rational then is the inference, that the association of those who conduct these powers in their operations, will prove highly beneficial in promoting mutual good offices and fellowship, in assisting the necessitous, encouraging the ingenious, and in rewarding fidelity. To effect these desirable ends, the present associates agree to be governed as a society by the following

BY-LAWS.

ARTICLE I.

STYLE AND QUALIFICATIONS.

SEC. 1. The style of this Association, as specified in the act of incorporation, passed June 18, 1825, shall be the **MIDDLESEX MECHANIC ASSOCIATION.**

SEC. 2. This Association shall consist of Mechanics and Manufacturers.

SEC. 3. The officers of this Association shall be a President, Vice President, Secretary, Treasurer, and seven Trustees.

ARTICLE II.

ELECTION OF OFFICERS.

SEC. 1. The election of officers shall be on the first Thursday of October annually, by written votes, a majority making a choice. If, from any cause, there should be no choice, the government may call a meeting for that purpose at such time as they shall deem expedient. The President, Vice President, Secretary and Treasurer, must be voted for separately; the Trustees may all be voted for on one ticket.

SEC. 2. The same person shall not sustain the office of President or Vice President more than two years successively.

SEC. 3. Two of the Trustees shall retire from office annually. If no vacancies occur by resignation or otherwise, the two oldest shall be ineligible to re-election, and if there are more than two of equal seniority, the two which shall be ineligible shall be determined by lot.

ARTICLE III.

MEETINGS.

SEC. 1. The meetings of the Association shall be held on the first Thursday of October, January, April, and July, at such time and places as the President shall direct, in the county of Middlesex; but should any public event occur on the day appointed for the meeting, the President with the advice of the Government, may call a meeting on a prior or subsequent day.

SEC. 2. The meetings of the Government shall be monthly, but the President shall have power to call a special meeting thereof at any time.

ARTICLE IV.

DUTY OF OFFICERS.

SEC. 1. The President shall preside at the meetings of the Association and Government; he shall call a special meeting whenever a majority of the Government shall deem it expedient; he shall sign all certificates and other documents issued by the Association or Government; and he shall read or cause to be read, the proceedings of all regular meetings of the Government and Association at the next subsequent meeting of the Association.

SEC. 2. In case of the absence or inability of the President, his duties shall devolve upon the Vice President. In the absence of the President and Vice President, the Treasurer shall preside.

SEC. 3. The Treasurer shall be entrusted with all the property of the Association not otherwise provided for; he shall collect all monies due the Association, and from time to time, invest and dispose of the funds with the advice of the Government; he shall report annually the amount and species of property in his care; he shall pay no bills till they are approved by the Government and countersigned by the President. He shall give a bond with sufficient surety for the faithful discharge of his trust, and his accounts shall be open to the inspection of all the members.

SEC. 4. The Secretary shall keep a fair and correct journal of all the proceedings of the Association and Government. He shall issue notifications for all meetings of the Association and Government;—he shall furnish the chairmen of all committees with the votes of their appointment, and attend the meetings of all committees when required. He shall pay over to the Treasurer all money in his hands previously to each quarterly meeting; and at other times, whenever requested by the Treasurer so to do.

ARTICLE V.

The Association shall have a common seal which shall be in the care of the Secretary, and shall be affixed to all its edicts and certificates which require the signature of the President.

ARTICLE VI.

The Government of the Association are guardians of its interest, respectability and property; they shall superintend all its prudential concerns, and they shall pursue such measures as in their opinion will best promote them; they may correspond with other associations of mechanics and manufacturers, on such subjects as shall be calculated to promote the general object of this institution; but must submit such correspondence to the Association for the information of its members. They have power to remit arrearages to unfortunate members, and to grant such sums to indigent members, their widows or orphans, as they shall think proper, but not more than ten dollars in any one instance. They shall report to the Association, at every quarterly meeting, all remittances and donations made by them during the recess.

ARTICLE VII.

A committee of relief shall be chosen by ballot annually on the day for the choice of officers, whose duty it shall be to seek out and relieve such indigent members of the Association, or their families, as may be proper objects of charity, and to receive and act on all petitions for relief; and a sum of money shall be appropriated by the Association to that purpose.

The committee of relief shall report their doings yearly to the Secretary that he may lay them before the Government; (not being a matter of record;) they shall be furnished by the Secretary from time to time, with the names of all persons who have withdrawn or forfeited their membership, and the cause of their withdrawing; and the committee shall consider it their duty from time to time to ascertain the circumstances of such past members, that they may be relieved should they be in want. All extraordinary cases coming before them, they shall represent to the Government for their advice and direction. They shall make an annual report to the Government previous to the election of officers.

ARTICLE VIII.

As it is compatible with the act of incorporation, and the good of society, the Association may from time to time, when the state of its finances will admit, grant such premiums for superior workmanship in the respective arts it embraces, as the Government shall recommend; and whenever the Association agrees to appropriate any sum for that purpose, it shall be its duty to state the particular arts to which the premiums for the year

shall be confined, designate the several articles, and affix to each the premium proposed.

ARTICLE IX.

CONDITIONS OF MEMBERSHIP.

Any mechanic or manufacturer, being over twenty-one years of age, who shall have been approved by the Government, and who shall receive two-thirds of the votes of the members present at any regular meeting, shall become a member of the Association on subscribing the Constitution, and paying to the Secretary the last appraised value of a certificate, as hereafter provided for.

It shall be the duty of the Government, immediately after the election of officers in each year, to fix the value of certificates for the year ensuing;—and until altered to conform to such appraisement, certificates shall be valued at twenty-five dollars.

Any member wishing to sell his certificate shall first offer it to the Treasurer of the Association, who, acting under instructions from the Government, shall have the right of redeeming it by paying four-fifths of the last appraised value thereof;—*Provided*, That no member shall be paid more on withdrawing, than the original amount which he paid on admission:—and such person shall cease to be a member. If, however, the certificate shall not be redeemed within one month after it shall have been offered to the Treasurer, the proprietor may sell it to any person eligible to membership in the Association, who may thereupon be admitted to the Association in the usual manner, and, if elected, shall be entitled to a certificate in his own name on signing the Constitution:—but if such purchaser be not elected, the Treasurer SHALL redeem his certificate on the terms specified above in relation to the original owner.

Assessments, not exceeding two dollars per annum on each share, may be laid by vote of the Association.

The Association may at any regular meeting choose such persons *Honorary Members* thereof, as may be recommended by the Government for that purpose, either in compliment to high official station, for eminent public services, or in acknowledgement of distinguished benefits conferred upon this Association.

ARTICLE X.

Any young man under twenty-one years of age, employed at any regular mechanical or manufacturing business, or the minor sons of members who may not be so employed, who shall have arrived at the age of fifteen years, on presenting a written recommendation from his master or overseer, and any one or more members of the Association, may be admitted by the Government to the privileges of the Reading-room, Library, and Lecture-room, on paying by his legal representative to the Secretary, one half of the last appraised value of a share, and signing the Constitution.

And the Secretary shall give his receipt for the money so paid him, specifying therein the purpose for which it was given; and the said receipt shall be redeemable in the same manner and at the same per centage as the share of a member. And the person so admitted shall be subject to one half the amount of annual assessments, and shall pay half price for tickets to lectures, but shall be subject to all other rules and orders. And such persons on arriving at the age of twenty-one years, may be admitted to the Association in the same manner that other members are admitted, and shall then receive a Certificate of a Share, on paying one half of the last appraised value thereof; which, together with his receipt, shall be accepted by the Secretary in full satisfaction for the same. But in case the application of such person for membership be rejected, the amount of his receipt shall be refunded, deducting twenty per cent. therefrom.

Provided, nevertheless, that no person admitted as aforesaid to the privileges aforesaid, shall, upon his said receipt be permitted to enjoy said privileges more than three months after he shall have arrived at the age of twenty-one years, and should he for more than three months as last aforesaid neglect to apply for admission as a member, it shall be the duty of the Treasurer forthwith to redeem his receipt, retaining for the use of the Association one-fifth of the last appraised value of a share. And provided also, that the Government shall have power to suspend such person from the enjoyment of said privileges, for a limited time, in case of disorderly behaviour; and for the third offence or in cases of gross misconduct may call for and redeem his receipt, retaining twenty per cent. of the amount for the use of the Association.

ARTICLE XI.

Any member of the Association, who is absent or about to remove from the city of Lowell to such a distance as to render it difficult for him to attend upon its privileges, and who wishes to retain his membership, may transfer the privileges of his share to any person who is not a member, giving to such person a certificate of such transfer. And the person to whom such transfer is made, shall lay the said certificate before the Government, and if they approve such transfer, he shall pay to the Secretary for the use of the Association, two dollars as a fee of transfer, and the Secretary shall place his receipt for the same, signed by himself, and dated upon the back of said certificate; and the said certificate, thus approved and endorsed, shall entitle the person to whom it is made to the privileges of the Library, Reading-room, and Lecture-room, in as full and ample a manner as the member himself, were he personally present, could enjoy the same, for the term of six months from the date of the Secretary's said endorsement; and upon the payment of a like sum of two dollars, and with the same formalities, the said certificate of transfer

may be renewed and extended for other six months, and so on from six months to six months, during the pleasure of the Government.

Provided, nevertheless, the share, of which the privileges may have been transferred as aforesaid, shall remain at all times subject to all legal assessments and liabilities.

ARTICLE XII.

Any member may transfer the privileges of his share to a minor, qualified as is expressed in Article X, respecting minors, who shall thereupon, if the Government approve such transfer, become entitled to the privileges of the Library, Reading-room and Lecture-room, in as full and ample a manner as the member himself was entitled to the same. And in case such minor, on arriving at twenty-one years of age, shall receive said share as a reward for good behavior during his minority, and shall be duly admitted a member of the Association, the Secretary shall, with the consent of the Government, issue a new certificate to him in his own name, receiving for the use of the Association, one dollar as a fee of transfer.

ARTICLE XIII.

TRANSFERABLE CERTIFICATES.

Any member of the Association shall be entitled to one or more additional certificates by paying for each the last appraised value thereof, which certificates may be transferred by the proprietor to any person approved by the Government; not, however, oftener than twice in any one year: and the holder thereof for the time being shall be entitled to all the privileges of membership, except that of voting. Such additional certificates shall be subject to the same assessments as regular certificates of membership, and the proprietor of them shall be entitled to no additional privilege of voting.

Whenever the proprietor of such additional certificates shall cease to be a member of the Association, said certificates shall be surrendered to the Treasurer, who shall pay to such proprietor in full for each certificate four fifths of the last appraised value thereof;—*provided* that sum do not exceed the price originally paid therefor. The Association may at any time call in any or all of these certificates, paying to the proprietors the full amount of the last appraised value thereof.

ARTICLE XIV.

LIFE MEMBERS.

Any person who shall have been approved by the Government, and shall have received the affirmative votes of two-thirds of the members present at any regular meeting, shall be considered a *Life Member* of the Association, on paying to the Treasurer the sum of fifty dollars, and shall be admitted to all the privileges of a regular member, (except as herein-

after specified,) and shall be subject to the same regulations and responsibilities, except the payment of assessments, from which he shall be forever exempt.

Such Life Member shall have no voice in the management of the affairs of the Association, nor shall he act in any official capacity; he shall have no claim on the Association for a return of the admission fee aforesaid, or any part thereof, nor shall he be allowed to transfer his rights of membership to any other person.

ARTICLE XV.

It shall be the duty of the Secretary to keep a record of all transfers of privileges, and of all issues and renewals of certificates, and of all privileges granted to minors, made, issued or granted in pursuance of the five next preceding articles, and forthwith to transmit to the Librarian for his government a memorandum thereof.

ARTICLE XVI.

The Government of the Association is authorized to hire, for the use of the Association, any sum or sums of money—(not however exceeding five thousand dollars, without the consent of a majority of members present at a regularly notified meeting)—and to pledge therefor the credit of the Association, in the names of the President and Treasurer.

ARTICLE XVII.

Sec. 20. Periodical works when received shall be placed in the Reading-room, where they shall remain three months; after which they shall be transferred to the library, subject to the same regulations with other books.

Sec. 21. The books marked in the catalogue with an asterisk (*), and such others as may from time to time be specially designated by the Committee, shall not be taken from the Library except by special permission of the Government.

Sec. 22. A record shall be kept of all donations, and on all books presented to the Association, the name of the donor shall be inscribed.

Sec. 23. The Government may, on special occasions, when the public good may seem to them to require it, permit any person, not an inhabitant of Lowell, to use the books belonging to the Association, to visit the Reading-room, or to attend the lectures, under such restrictions as they may think proper to impose.

Sec. 24. Any member who shall purloin or carry out of the building, a book, paper, or other article, contrary to the regulations; or who shall intentionally mutilate, or otherwise injure the property of the Association, shall forfeit his right in the Institution for one year.

Sec. 25. Any person admitted to the Library may propose the purchase of any publication by inserting its title in a book kept for that purpose.

Sec. 26. Strangers and citizens of Lowell, who may not be members of the Association, shall be allowed to visit the library and reading-room, only when accompanied by some member of the Institution.

ARTICLE XXIV.

THE READING-ROOM SHALL BE SUBJECT TO THE REGULATIONS FOLLOWING—TO WIT:

SEC. 1. No conversation shall be allowed otherwise than in a whisper.

SEC. 2. No person shall be permitted to smoke, spit on the floor, damage or injure the furniture of the room, or conduct in any way inconsistent with decorum.

SEC. 3. Any member who shall mutilate the periodicals or papers placed in the Reading-room shall be liable to a fine equal to four times the cost thereof.

SEC. 4. Any member may have the privilege of introducing a friend, not a resident of the town, whose name, together with that of the member introducing him, shall be registered by the Librarian in a book provided for that purpose, and who will receive a ticket of admission to the Reading-room for the term of two weeks. The member thus introducing a stranger shall be responsible for his good conduct, and shall be liable for all injuries committed by said stranger, as if they were committed by himself.

SEC. 5. The Librarian shall preserve regular files of such newspapers as may from time to time be designated by the Library Committee.

ARTICLE XXV.

There shall be chosen at the annual meeting for the choice of officers, a committee of five, to be denominated the Committee on Apparatus, whose duty it shall be to select and purchase for the Association, in pursuance of appropriations made for that purpose, an Astronomical, Philosophical, and Chemical Apparatus, and who shall have the same, when purchased, under their especial charge, and who shall see that the same is kept in good condition and repair. Vacancies in any of the standing committees may be filled at any regular meeting of the Association.

ARTICLE XXVI.

The Committee last aforesaid, together with the Committee on the Library, shall unitedly form a Committee on Public Instruction, whose duty it shall be to report to the Association, at least once a year, such course of Public Instruction as they shall deem for the interest of the Association, naming therein such persons as they would recommend as Instructors and Lecturers in the several departments of Science and the Arts.

ARTICLE XXVII.

Any citizen of Lowell, not eligible to regular membership in this Association, who may be approved by the Government, shall become entitled to all the privileges of the Library, Reading-room and Lecture-room, (under the same restrictions, and subject to the same regulations

as regular members,) on subscribing the Constitution, and paying the sum of \$6, annually, in advance; or the payment of \$3, annually, as above, shall entitle the subscriber to the privileges of either the Library or Reading-room, separately, at his option. Such annual subscribers, however, shall not be entitled to vote, or to act in any official capacity.

ARTICLE XXVIII.

The foregoing rules and regulations may be amended or repealed whenever three quarters of the members present at any notified meeting shall so determine;—but no such alteration shall be made unless the subject shall have been proposed at a previous meeting, and in the meantime referred to a committee, and the same noted on the notification for the meeting at which it is to be committed.
